

Celtic Celebration

***"Best Stylings of Irish and Scottish Music
executed to perfection."***

It's a rare delight to find an Irish jig! Celtic Celebration is a pristine fusion of traditional Irish music, alongside contemporary pop. You will be transported to the Emerald Isle and beyond. Vanessa's pure soulful elegance and interpretive Irish style makes listening into an art. Marvin's high-energy cornball humor and innovative piano perfection makes this wholesome family entertainment. The constant banter and playful spontaneity is skilled showmanship. Vanessa's brief forays into fiddle music are lively and light hearted. The music will keep your feet tapping! The music will keep your feet tapping! The show includes current hits and audience favorites such as *Danny Boy*, *Shenandoah*, and *Amazing Grace*.
